## Political Observers Watch Kefauver Strength in Wisconsin's Primary

### Results Will Be Analyzed for Farm Discontent

WASHINGTON (AP) — Political observers watched the Wisconsin primary today to see how much strength Sen. Estes Kefauver (D-Tenn.) shows against President Eisenhower in that normally Republican state.

The results also will be closely analyzed to determine whether Wisconsin farmers register major discontent with administration farm policies by voting heavily Democratic.

Kefauver has no opposition in the Democratic column, and Mr. Eisenhower has only token opposition from an Ashland, Wis., editor. The President and Kefauver are pitted in something of a "popularity" contest since the primary is "open" and voters are not required to vote with the party they normally support.

**Kefauver in Florida**  
In the 1952 presidential primary, 76.3 of those casting ballots in Wisconsin voted Republican and 23.7 Democratic. In the presidential election itself—the contest between Mr. Eisenhower and Adlai E. Stevenson—61 per cent voted Republican and 39 per cent Democratic.

Other political developments: Kefauver, assured of picking up Wisconsin's 28 Democratic National Convention delegate votes without contest, campaigned in Florida where he will meet Stevenson in a head-on contest in the state's May 29 primary.

In an Orlando, Fla., speech Monday night Kefauver made two main points: He believes he will be an acceptable candidate to Florida and the entire South despite his view that the Supreme Court's desegregation ruling must be carried out, and he should not be penalized at the Democratic National Convention because he is from the South.

**Hall Stevenson at Rally**  
More than 500 Democratic committeemen in Stevenson's home state of Illinois hailed Stevenson at a Springfield rally as the "real workhorse" of the Democratic Party.

Stevenson is unopposed in Illinois' April 10 primary, but Kefauver supporters button-holed party leaders at the Springfield rally seeking write-in support for the Tennessee senator. The Kefauver camp admitted it won no significant new support, however.

In Washington, Sen. John J. Sparkman (D-Ala.), Stevenson's 1952 vice presidential running mate, predicted Stevenson will top Kefauver in Florida but said the Tennesseean is likely to pick up some of the state's 28 delegate votes. Sparkman said Stevenson still has considerable support among southern Democrats.

On the Republican side, Maj. Gen. Howard McC. Snyder, President Eisenhower's physician, predicted in Philadelphia that the President will make a formal report to the country on his health just before the GOP National Convention in August. Snyder also said Mr. Eisenhower will be able to "actively campaign within his own discretion" in his bid for a second term.

## Rites Today for Accident Victim Gilbert McCabe

Funeral Wednesday For Earl Whitaker, Also Killed in Accident

The funeral of Gilbert McCabe, Stonefort, one of two killed yesterday morning in an auto-truck collision on Route 45 near Middle Fork bridge, was held at 10 a. m. today at St. Francis de Sales church near Stonefort. The Rev. Thomas J. Bruns of Harrisburg officiated and burial was in the St. Francis de Sales cemetery.

The Thornton funeral home of Stonefort was in charge. Funeral services for the other death victim, Earl Whitaker, will be held at 2 p. m. Wednesday at the Church of God on North Main Street in Carrier Mills. The Rev. Cordell Ellis, pastor, will officiate and burial will be in the Coal Bank Springs cemetery. The body lies in state at the Thornton funeral home in Carrier Mills.

M McCabe, 38, is survived by his wife, Dorothy; a son, George, and a daughter, Audrey, both at home, and a brother, Paul, of Creal Springs.

Surviving Whitaker are his wife, Hilda; two daughters, Earlene and Glenda Lee, both at home; his mother, Mrs. Roscoe (Emma) Whitaker, of Creal Springs; a brother, Harold Whitaker, Round Lake; two half-sisters, Mrs. Charles Stites of Harrisburg and Bertha Dalton, Creal Springs; also two half-brothers, Wayne Henderson, Peoria, and Chester Henderson, Round Lake. The Whitaker family lived on Fite street in Carrier Mills.

M McCabe and Whitaker were killed and three others were injured when McCabe's auto figured in a sideswiping accident with a huge semi-trailer driven by Wayne Collier of Indianapolis.

Frank Killman and Hayward Lyles, who were in the McCabe car, and Collier are in Harrisburg hospital. Killman, who suffered a leg break in two places, was undergoing surgery on the leg this morning. Lyles, who suffered cuts and bruises, and Collier, who suffered a head injury, were doing satisfactorily at the present.

State police estimated that 10,000 persons must have passed the wreck scene yesterday on the curve just east of Middle Fork bridge. The McCabe car was moved yesterday morning but much work had to be done to get the big wrecked truck up the embankment. Orval Dean, using two big winch trucks, did the job. First the cargo was removed. It consisted of five small tow tractors weighing a total of 28,000 pounds and general freight weighing 4,000 pounds.

Work started yesterday afternoon but it was around 8:30 a. m. today before the truck was pulled out of the place where it landed.

## Marion Council Commends, Then Suspends Cop

MARION, Ill. (AP) — The Marion City Council Monday night commended a policeman for enforcing the law and then reprimanded him for striking a teen-age boy with his revolver and suspended him for an indefinite period.

The council took the action against Policeman Herman Burnett, who was involved in an incident with 17-year-old Robert Poole a week ago. Burnett was technically off duty when he stopped another teen-ager for speeding on a motorbike.

Poole entered the conversation and Burnett said the youth cursed him. In a resulting scuffle, the policeman hit the youth with the barrel of his gun.

The council resolution praised Burnett for his vigilance and reprimanded him for "failure to keep his temper under control and striking the boy."

The vote was 4-1 with Police Commissioner Lawrence Corder voting against it. Police Chief Charles Edwards told the council "You are commending a policeman for doing his duty and then kicking him in the britches."

The council said it is determined to back the police department's efforts to enforce the law in the face of an apparent growing disrespect by young people for the law and police officers. Edwards said the policemen feel the council says it will back them but the officers aren't sure.

## Son-In-Law of S. E. Handley Killed

S. E. Handley of RFD 3, Harrisburg, received word this morning that his son-in-law, Chester Sparrow of Evansville, Ind., was killed in an auto accident. No other details were available and Mr. and Mrs. Handley left immediately for Evansville.

## Mother of Stratton Assistant Dies

LINCOLN, Ill. (AP) — Mrs. William J. Downey, 76, died at St. Clara's Hospital early today. She had been in ill health for some time.

She was the mother of William W. Downey, administrative assistant to Gov. William G. Stratton at Springfield.

A native of Limerick, Ireland, Mrs. Downey has lived in Lincoln since the death of her husband in 1935. She was the daughter of Mr. and Mrs. Thomas Hayes, and came to the United States with her parents while still a child.

## Follow Rotary Principles, Dist. Governor Urges

"We grow in Rotary as we serve," declared Rileen McConachie of Sparta, governor of Rotary District 216, in a talk to Harrisburg Rotarians yesterday noon at the Masonic temple.

Pointing out that being a Rotarian means more than just going to lunch, he urged members to put into an earnest practice the principles of service and fellowship.

He told of the start of Rotary 50 years ago by Paul Harris, who conceived the idea of men in different occupations getting together to have fellowship and help one another.

"This idea of service and fellowship has attracted people around the world," he stated. "Now we are starting the second half century with 425,000 Rotarians in 97 countries and we can look for great things in the future. Tomorrow will be brighter if all of us dedicate ourselves to doing things in accordance with the principles of Rotary."

He said that to abolish war, "we must work in fellowship with all countries."

President William Hopkins presided at the meeting. Following the district governor's address, a banner from the Guadalajara, Mexico, Rotary club, was presented to the local club. Presentation was by Dr. L. I. Webb, who received it at a club meeting while in Mexico.

## Elks' Crippled Children's Clinic at Marion Wednesday

James Arensman, chairman of the Harrisburg Elks' Crippled Children's committee, announced today that a clinic for crippled children will be held tomorrow at the Marion Elks lodge, beginning at 9 a. m.

Parents of crippled children in this area who wish to take their child to the clinic should contact Arensman, or they may simply drive over to the Marion Elks lodge tomorrow. There is no charge for the examination by a specialist in attendance.

These clinics are a result of such Elks activities as the annual Elks Minstrel staged by Harrisburg lodge, the net profits of which go directly to crippled children's work, and it is due to the support of Harrisburg people for the Minstrel that Harrisburg lodge is the leading lodge in the state Elks association in crippled children's work, Arensman said.

## Congressional Source Says Eisenhower Must Accept Higher Corn, Wheat Props

WASHINGTON (AP) — A Republican congressional source said today President Eisenhower will have to accept higher support prices for 1956-crop corn and wheat to get maximum GOP support for revamping the Democratic "catch-all" farm bill.

Moreover, the source said, Mr. Eisenhower also will have to let it be known before the showdown vote that unless the Democratic bill is revamped he definitely will veto it.

A Senate-House conference committee still is working on the catch-all bill and hopes to have it ready for a showdown vote on the House floor April 11. It contains many features the administration finds objectionable.

Mr. Eisenhower Monday urged Congress to produce "a good farm bill" and to do so "promptly." He made the statement in signing into law two measures which he hailed as "an important step forward in our agricultural program."

They would exempt farmers from the federal tax on gasoline used on farms and extend the federal school milk program for another two years.

Administration forces plan to try to revamp the catch-all bill when it is returned by the conference committee to the House. They have not spelled out what their compromise will propose, but it is certain at least to call for deleting the bill's one-year restoration of rigid 90 per cent of parity price supports on basic crops.

One big question is whether the administration on that showdown vote can win the support of some of the 21 Republicans who helped the Democrats put a rigid 90 per cent bill through the House by a five-vote margin last year.

**Seek \$125,000 In Two Suits in Circuit Court**  
Two lawsuits on file in circuit court seek a total of \$125,000 damages for death and injuries that occurred in 1954.

Seeking \$75,000 damages are Snoda Pearcey and James Pearcey, mother and son of the late Virgil Pearcey, who died after a fall from a scaffold during construction of the new Junior high school building. Pearcey died April 13, 1954.

Defendants are Max Hunt and Kendall Hunt, doing business as the Hunt Construction Co. of Mt. Vernon.

The complaint, filed for the Pearceys by Atty. Charles H. Thompson, Atty. DeWitt Twente and Atty. Charles Jelliffe, said that the Hunt Construction Co. was the contractor on the construction job, that Pearcey was employed by Brown-Anning-Johnson, Inc., a subcontractor.

Arrell Wasson seeks \$50,000 from Leo La Cour and B. L. La Cour of Sikeston, Mo., for injuries received June 30, 1954, while working for the state division of highways on Route 45 at the south edge of Harrisburg.

The complaint, filed for Wasson by Atty. Ralph Choisser and Atty. Joe Butler, says that Wasson suffered his injuries when struck by a truck driven by Leo La Cour.

**Fail to Find Trace Of U. S. Plane Missing In Far East; 5 Aboard**

TOKYO (AP) — A vast force of ships and planes scoured the mountains and "inland sea" of southern Japan today but failed to find a trace of a U. S. Air Force plane missing with five men.

The U. S. Far East Air Force said 13 planes and 23 ships, both American and Japanese, searched for the C119 Flying Boxcar in vain since it disappeared at 2 a. m. (11 a. m.) CST Monday.

Thick dust spread over hundreds of miles in a cloud that turned day into night.

Street lights were turned on in the middle of the afternoon across west Texas. Motorists switched on their headlights at its height. The lights of the automobiles would not penetrate the dust.

Visibility got as low as zero to 100 feet in the El Paso area, 50 feet at Pecos, and half a block at Lubbock, Tex.

**Frank Aly, 58, Dies at Eddyville**  
Frank Aly, 58, died at 11:30 a. m. Monday at the home of his son, Ralph, in Eddyville.

The body will lie in state at the Palmer and Aly funeral home in Eddyville and the funeral will be held Wednesday at 2 p. m. at the Eddyville Methodist church. Rev. George A. Phelps, former pastor of the church now living in Advance, Mo., will officiate and burial will be in the Zion cemetery east of Ozark.

Mr. Aly was the brother-in-law of Earl Thornton of Carrier Mills. He is survived by two sons, Darrell Aly, Eddyville, and Ralph, who, besides being associated with the Palmer and Aly funeral home, is a salesman of the M. Livingston company out of Paducah, Ky.; four sisters, Mrs. Lura Broadway and Mrs. Mattie Gebauer, both of Eddyville, Mrs. Della Lawrence, Glendale, and Mrs. Rette Lawrence, Ozark; also one brother, Oscar Aly, of Vienna.

## 80 Hurt; Kansas, Oklahoma Areas Suffer Damage

**Four Members of Family Killed at Drumright, Okla.**

DRUMRIGHT, Okla. (AP) — A raging early spring cold front ripped through northern Oklahoma and southern Kansas and Missouri Monday night and today, producing a flurry of killer tornadoes over a wide area.

At least 7 persons were known dead in Oklahoma and Kansas. More than 80 persons were injured in the three states, but many were released after emergency treatment.

Four members of a Drumright family and one other person died in a storm which struck the north central Oklahoma City of 5,028 at 9:33 p. m. One person died in a twister at Toronto, Kan., and another at Grenola, Kan.

The injured included 35 persons at Miami, Okla., where 15 remained in hospitals and the others were released; 11 persons injured in Drumright who were hospitalized in nearby Cushing; 8 at Davenport, Okla.; 2 at Pond Creek, Okla.; 1 at Hopeton, Okla.; "several" at Grenola; and 6 at Baxter Springs, Kan.

**More Injured Issued**  
The injured from Drumright were taken to Cushing, 10 miles distant, because of broken power lines in Drumright.

The storm hit Miami, in extreme northeastern Oklahoma, at 12:10 a. m. and the adjoining Kansas and Missouri areas a few minutes later.

Reports of two dead at Miami proved wrong. Police said two were injured in a rural area southwest of Joplin, Mo.

Gritty clouds of dust rolled across the prairie behind the surge of cold air which spawned the twisters.

Additional tornado warnings were issued for southwest Wisconsin and northwest and west central Illinois.

The dead at Drumright were identified as Mr. and Mrs. Jack Bevel and their daughters, Gloria, 16, and Virginia, 17. The family lived at an oil company camp half a mile north of Drumright.

Several other persons still were missing today in Drumright. Ole Beek, about 45, was killed when a twister demolished his farm home one mile west of Toronto, Kan.

**Extensive Property Damage**  
There was extensive property damage in Drumright to both businesses and residences.

W. B. Browning, Drumright city manager, said about 20 to 25 homes were destroyed or heavily damaged. Joe Salem, a building contractor, said damage would exceed \$1 million in Drumright.

Salem said there was no advance warning that the tornado would hit. In fact, he said the sky was clear and stars were shining; then suddenly "it hit with a bang."

The Salvation Army building downtown was almost demolished and the First Christian Church, the city library and a large grocery were heavily damaged.

Salem said damage to the New Edison School in Drumright, which had been recently constructed, would amount possibly to \$200,000.

After you've reached the bottom  
of this column—reading every  
word along the way—you can add  
this degree to your name: P.M.D.  
Ready? Let's go...

What's the best thing to do with  
money left over after my living  
expenses are paid?

Got some left over? Congratulations.  
Mr. Micawber might have  
said you've taken a very impor-  
tant step along the road to con-  
tentment. Next step is to be  
certain you have provided for  
family emergencies. This done,  
the next question is:

How can I make what's left work as  
hard for me as I worked for it?

An interesting experience lies  
ahead. You may now be ready to  
invest some money. And maybe  
you should consider common  
stock. Ownership of stock makes  
you part owner of a company.  
You share in its profits—usually  
paid to you as dividends. If it  
grows and prospers you can grow  
and prosper. And now we come  
to an important but...

But what if the company doesn't  
grow and prosper?

Keep that little sentence in mind  
when you invest. Companies  
don't always pay a dividend and  
stock can go down in price as  
well as up. It's your money and  
you want it to bring you an in-  
come. And it can—if you look  
carefully before you leap. This  
means get good advice and the  
facts about the company—its  
products, dividends, present  
standing. Now it's time to ask:

Don't I have to be a plutocrat  
to buy stocks?

Pardon our smile. Three out of  
four people who own stock have  
incomes under \$10,000. Some of  
them are buying stock with as  
little as \$40 every three months  
through the Monthly Investment  
Plan. Now one more step:

Where do I get information?

That's easy—any Member Firm  
of the New York Stock Exchange  
will be glad to advise you about  
stocks or bonds. Ask for that  
wonderful new booklet, "DIVI-  
DENDS OVER THE YEARS—a Basic  
Guide for Common Stock Invest-  
ment." It's packed with helpful  
information. It gives dividend  
records and earnings of more  
than 300 stocks that have paid  
dividends every year for 25 years  
or more...grouped also to show:  
Stocks that have paid progres-  
sively higher dividends over the  
past ten years.

Companies not reporting a defi-  
cit for 45 years.

Stocks with yields of 5% to 6%  
at recent prices—plus other use-  
ful information including stocks  
most favored by financial institu-  
tions, facts about the convenient

## The Angry Hills

By Leon M. Uris

© 1955 by Leon M. Uris. Used by arrangement  
with Random House, Inc. Distributed by NEA.

THE STORY: Mike Morrison, an  
American novelist, is in Athens  
when the German Army invades  
Greece in 1941. When he visits  
Stergiou, a lawyer who is to give  
him an inheritance, he is asked  
to deliver a letter to London. The  
letter is a message to British In-  
telligence, but Morrison has no ink-  
ling of this.

II

Konrad Heilser leaned back in  
the broken armchair, closed his  
eyes and hummed in rapid rhythm  
to the Bach fugue scratching out  
on the record player. His finger  
brushed down his pencil-line must-  
ache in a motion of habit.

Howe-Wilken and his Scottish  
partner, Soutar, had made a fool  
of him twice. Eight months had  
passed since his first encounter  
with them in Norway. After the  
German liberation of that coun-  
try, the two British agents had  
arrived and escaped by submarine,  
leaving in their wake a network  
of underground operators. A half  
dozen times they had eluded him.  
It was only a last-minute quirk of  
fate that prevented Konrad Heil-  
ser from blocking their exit from  
Norway.

The next time he ran into them  
was late last summer—Paris.  
Again the duo, Howe-Wilken and  
Soutar, led him up a blind alley  
while they escaped.

The German cursed softly at the  
thought of having been ordered  
from Paris to assignment in this

cesspool. This time they would  
not escape.

It had been a stroke of luck,  
indeed, when Zervos, the govern-  
ment clerk, got wind of Stergiou's  
plan and made contact with the  
Germans.

Heilser slipped into Greece  
ahead of the German invasion and  
with Zervos' help got the rat pack  
working with him. The traitors,  
the opportunists, the cowards. All  
of them anxious to throw in with  
the Germans in time. The British  
were confused, not knowing whom  
they could trust and whom not to  
trust. Heilser and his Greek  
friends had increased that confu-  
sion. Soon the confusion would be  
a stampeding panic.

As the record ran out Konrad  
Heilser stood up, flicked off the  
machine and walked to the mir-  
ror over the dresser and looked  
into it, stepped in self-admiration.

It was small wonder he felt a  
glow of accomplishment. No stone  
had been left unturned. With me-  
ticulous thoroughness he knew ev-  
ery move and every plan of the  
British. He had woven a web  
around them from his garret hide-  
away. How convenient indeed for  
his two old friends, Howe-Wilken  
and Soutar, to show up for the  
Stergiou list. It made everything  
so simple.

Greece was hardly worth the  
conquering. A filthy, decadent race  
living on the past glories of 2000  
years.

But even Greece would have its  
compensations. As soon as Ger-  
man troops liberated Athens a suite  
at the Grande Bretagne would be  
in order. Canaris, yes, even von  
Ribbentrop himself would hear of  
Heilser's splendid work.

In the alley below, Heilser spied  
the figure of the fat Greek pig,  
Zervos, wending his way along the  
slime-covered cobblestones. Zervos  
brushed past some ragged urchins  
and disappeared into the house.

Heilser heard the man's foot-  
steps grow slower and slower as he  
labored his way up the last flight  
of steps to the fifth-story attic. He  
could hear Zervos' wheezing breath  
through the flimsy door. The Greek  
knocked.

Zervos flopped into the arm-  
chair, fighting to regain his breath  
and mopping his wet face. Heilser  
stood over him.

"Well!" the German demanded.  
"All three of them are blanketed."  
Howe-Wilken left by car in the di-  
rection of Stergiou's house.

"And the Scotsman, Soutar?"  
"He arranges a plane to fly them  
from the Tatoi airdrome at mid-  
night."

Heilser closed his eyes. He must  
conceal the anxious rumbling in-  
side him from the Greek pig. He  
must not show anxiety before his  
inferior.

"The names?"  
"No doubt Howe-Wilken goes to  
get the list now."

"And the military situation?"  
"Latest information indicates the  
British will not make a stand be-  
fore Athens."

"Then we strike!" He paced the  
floor rapidly. "Dispose of both Wil-  
ken and Soutar. I want Stergiou  
alive." He turned to Zervos. "I've  
waited for eight long months for  
this moment... Watch those two;  
they are slippery. One mistake  
and I'll have your throat slit."

Zervos struggled out of the chair,  
still mopping his face. "One more  
thing disturbs me... An Ameri-  
can has visited Stergiou three  
times this past week."

Heilser's face reddened and a  
frown showed the crow's feet etched  
deeply in the corners of his  
eyes. "An American?"

"We made a routine check," Zervos  
said. "The man is a writer of  
no consequence—by name, Mi-  
chael Morrison. His visa is quite  
in order. He is here to settle an  
estate. The bank bears this out.  
There is some nine thousand Ameri-  
can dollars in his name. Stergiou  
is doing the necessary legal work  
to transfer the money."

Heilser walked to the window  
and stared down at the alley. A  
mist was beginning to fall. "Go  
on."

"There is nothing more to say.  
He has a plane out for London  
in the morning. He stays at a  
hotel in Kifissia."

Heilser mumbled half to him-  
self. "It would be like Wilken and  
Soutar to pass off the list. A neu-

tral above suspicion... their plane  
at Tatoi a blind...

Morrison was completely un-  
aware of the tall thin blond man  
wearing a New Zealand uniform  
who picked up his trail the instant  
he left the attorney's mansion. Nor  
was he aware of the half dozen  
pairs of eyes focused upon the  
house from points of observation  
nearby. Mike walked through the  
plush Kolonaki sector toward Con-  
cord Square across town, drawing  
his topcoat about his neck against  
the mist.

A flood of uneasiness hit Mike.  
He counted the long hours ahead  
till dawn when he would be sev-  
ing toward London. For several  
moments Mike stood and looked in  
all directions, contemplating the  
best way to kill the afternoon. The  
National Museum was closed and  
its treasures removed. He looked  
down Athena Street to its end and  
saw the rise of the Acropolis. No,  
he did not want to go there again.  
Rather silly, not wanting to sight-  
see, but his few side trips had left  
him depressed, for Ellie was not  
there.

He began to wander, hands in  
pockets, along Aeolus Street where  
the conglomeration of food in the  
sidewalk stalls sent up a sickening  
odor.

The next intersection brought an  
onrush of British troops from the  
camp at Kokina. Then Morrison's  
eye caught a sign he could read in  
any language.

The saloon was half-empty and  
the stock at rock bottom. A choice  
of two types of krasi. He stood at  
the far end of the bar, and after  
the first sip was thankful his long  
tenure as an unpublished writer  
hadn't given him the opportunity  
to cultivate a taste for fine liquors.

About three-quarters of the way  
through the bottle of krasi, the  
noise in the place seemed to fade.  
He banished his rambling thoughts  
about his children, whom he missed  
terribly, and quickly diverted his  
mind to guessing what was in the  
envelope and what kind of shady  
deal Mr. Stergiou was mixed up  
in. He overcame the temptation  
to open the envelope for a quick  
peek and instead wove a half dozen  
different plots about its con-  
tents.

"Mind if I sit down?"  
Mike looked up into the face of  
the tall blond man in New Zealand  
uniform. He glanced toward the  
bar; it was three deep. He nodded  
to the man.

"Bit crowded there... Mosley's  
the name, Jack Mosley—First New  
Zealand Rifles." The lance corpor-  
al began to open his bottle.

"Might as well finish this one  
first," Mike said, pouring.

"You're an American, aren't  
you?"

Mike balked. The answer often  
led to an argument. "Yes, I'm an  
American."

"Good. I like Americans. What  
the devil are you doing in Greece  
these days?"

Mike's tongue loosened as they  
started on Mosley's bottle of krasi.  
"And what line of business are  
you in, Morrison?"

It was a question he dreaded.  
When a person meets a writer  
there is an expectant glow, as  
though he had run into Heming-  
way or Faulkner. It always em-  
barrasses the nonprofessional when  
he has never heard of the writer.

"Morrison—of course, forgive  
me," Mosley said. "I enjoyed  
'Home Is the Hunter' very much—  
splendid book."

"Really! Well, have another  
glass of wine, my friend."

Mike covered a great deal of  
ground, from literature to wars to  
San Francisco to Greece to music.  
In fact, there was very little he  
didn't cover. The subjects began  
to overtake one another, then ran  
into one another.

Finally Mosley spilled Morrison  
into a cab and waved as Mike  
poked his head out of the window.

"They don't make them like you  
any more..."

As Mike's cab turned the cor-  
ner, an automobile U-turned and  
stopped at the curb where Mos-  
ley waited. He opened the door  
and hopped in.

"Shall we follow him?" the driver  
asked.

"No—we'll rejoin Zervos."

Mosley smiled and stretched  
back. "Let the fool go. If he  
is a British agent, I'm Winston  
Churchill."

## Sloan Retires As Chairman of General Motors

NEW YORK (AP)—Alfred P.  
Sloan Jr. retired Monday as chair-  
man of the board of General  
Motors Corp., which he built into  
the nation's greatest manufactur-  
ing enterprise.

The 80-year-old industrial genius  
joined General Motors as a vice  
president in 1918 when only 300  
automobiles were being produced  
by all companies in the United  
States.

Under his guidance GM be-  
came the first company in the his-  
tory of the world last year to  
make a net profit of more than  
one billion dollars.

Albert Bradley, chairman of the  
firm's key financial policy com-  
mittee and member of its board  
of directors, will succeed Sloan as  
chairman.

Sloan will remain a member of

## HOW MUCH FOR THIS BUICK?

Better find out before you buy a "small" car

THERE ARE good reasons why Buick outsells  
every other car in America except two of the  
well-known smaller ones.

Reason Number One is pictured here—a big car  
at a small-car price.

For this Buick—this big and strapping Buick  
SPECIAL Sedan—this broad and brawny beauty with  
its record-high power and record-high compression  
—is a buy in any man's language.

It is priced within a few dollars of the well-known  
smaller cars. It actually costs less than some models  
of these very same cars—and the price we'll show  
you proves it.

But low price is just one reason for Buick's soaring  
success today.

Bigger reason is this: more and more people are

finding in these Buick beauties a lot more automo-  
bile for the money.

They find here more styling boldness and freshness  
—more power thrill and instant response—more  
comfort and roominess and luxury—more ride  
steadiness and stability—more solidity of structure  
and more road-worthy automobile than the same  
money buys elsewhere.

And they find they can get here—and nowhere else  
—the sizzling performance and the extra gas savings  
and the switch-pitch safety-surge of Variable Pitch  
Dynaflow—the world's only airplane-principled  
transmission.

So if you want the lift and life of Buick travel—if  
you want the pride and prestige and deep satisfac-  
tion of Buick ownership—what's keeping you  
from it all?

The simple fact is—if you can afford any new car,  
you can afford a Buick. Just you drop in on us and  
see what solid truth that is. Can you make it today  
—tomorrow at the latest?

New Advanced Variable Pitch Dynaflow is the only Dynaflow  
Buick builds today. It is standard on Roadmaster, Super and  
Century—optional at modest extra cost on the Special.

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

**Farmer, Buried by Soybeans in Bin, Dies**

SAUNEMIN, Ill. (UP) — Henry Imke, 73, Livingston County farmer, died Monday after being buried in soybeans in a farm bin.

Coroner Vernon Von Qualen said Imke had been standing in the second floor bin, helping speed the flow of beans through a chute into a truck which his son, Francis, was loading beneath the bin.

Von Qualen said Imke's feet appeared through the chute opening, and he died before he could be pulled out.

**Dulles Favors Arming Israel by Other Powers**

WASHINGTON (UP)—Secretary of State John Foster Dulles said today that the shipment of arms to Israel by some Western powers other than the United States might contribute to stability in the Middle East.

Dulles at the same time told a news conference that there has been no change in the U. S. policy against the sale of U. S. arms to Israel at the present time. This, despite the almost daily appeals of Israel for jet planes and other modern weapons.

Administration officials said Monday that Mr. Eisenhower last week had decided against selling arms to Israel at this time. Dulles took no issue with this. In response to questions, he indicated the situation is right where it has been for months.

He said the United States has not made any affirmative decision on the arms request nor has it been turned down finally.

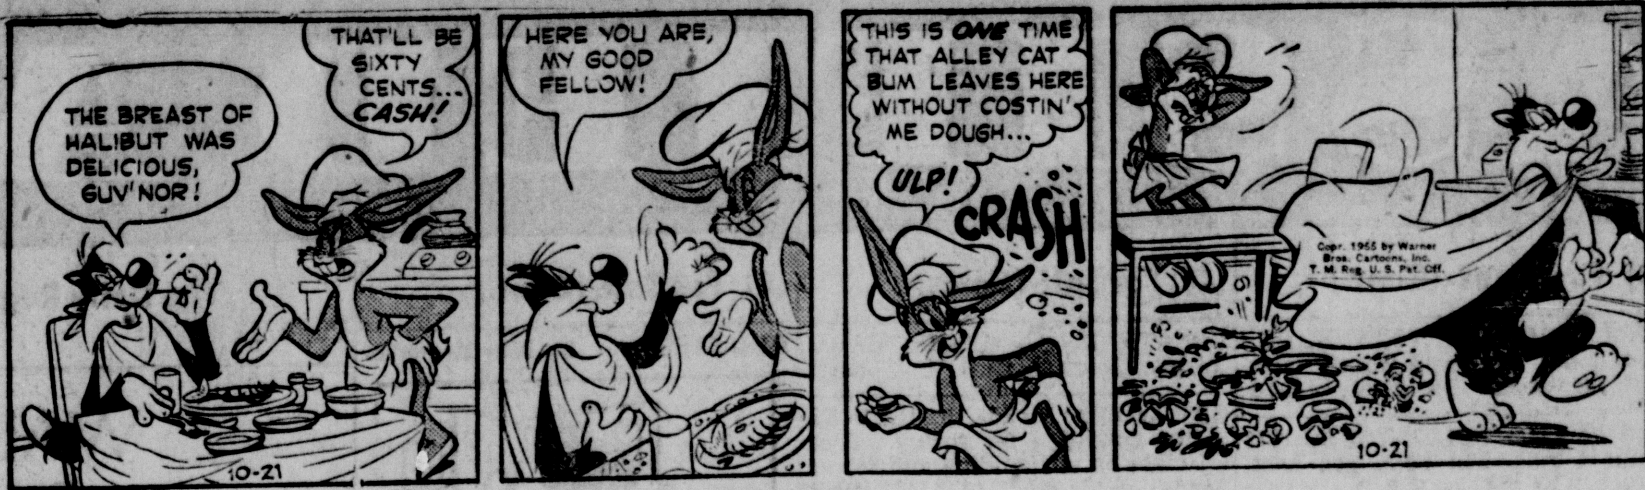

The United States has insisted during this period that the Israeli request was under consideration but that this country believed, for the present, that an arms race would not contribute to peace in the Middle East.

Dulles said that if it ever becomes apparent it would be advisable to use American troops to help keep peace in the Middle East the President would first seek congressional approval—providing there was sufficient time.

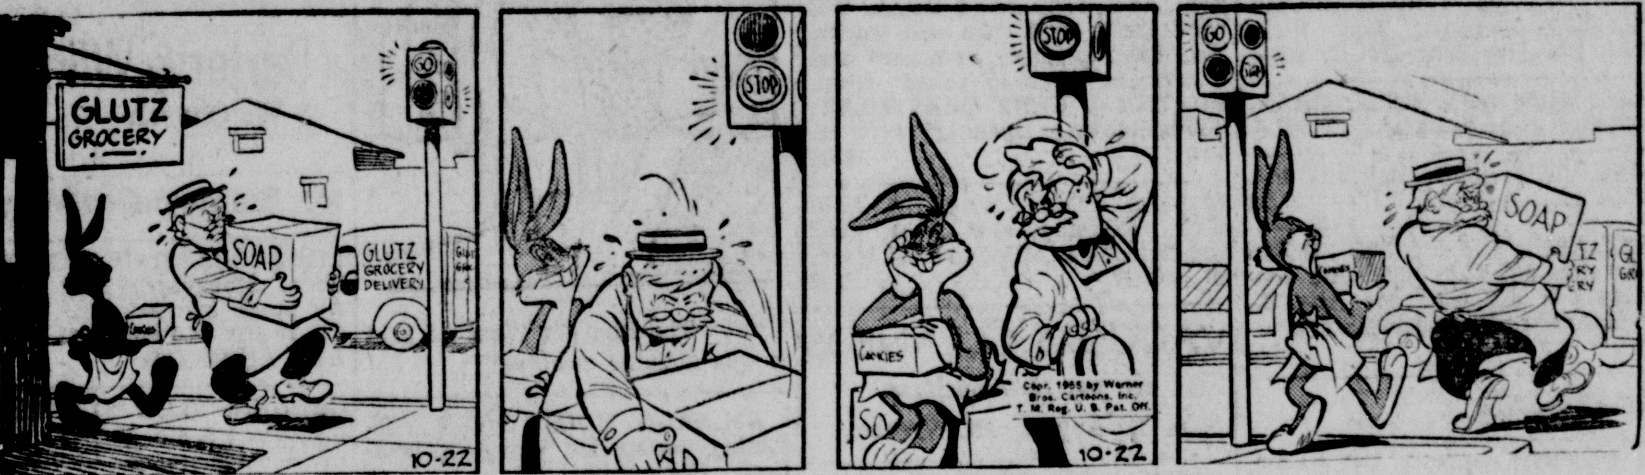

In making that statement, the secretary indicated that he does not know now of any pending emergency which would require sending U. S. troops to the area.

**Nun Provides Spiritual Strength In Plane Mishap**

SEATTLE (UP) — A soft-spoken nun who couldn't swim a stroke was a tower of spiritual strength when a Northwest Orient Airlines plane ditched in Puget Sound, survivors said today.

The double-deck, four-engine Stratocruiser with 38 persons aboard crash landed off Vashon Island early Monday. Thirty-three persons were snatched to safety by boats and planes but four others were killed and one crew member was reported missing.

"Our Father, who art in Heaven, hallowed be Thy name," gently intoned Mother Mary Philothea, Seattle, as passengers waited to walk out onto the wings of the downed plane.

She stood with bowed head at the doorway.

"Thy Kingdom come, Thy will be done, on earth as it is in Heaven."

"Thank you, sister, for that prayer," said one woman.

Capt. Robert Heard, 38, Seattle, agreed the passengers did not panic when he set the big plane down.

**Rule State Use Tax is Legal**

SPRINGFIELD (UP) — A test case challenging the validity of the controversial use tax act ended Monday with a ruling that the tax was constitutional.

Circuit Judge DeWitt F. Crow heard the suit filed by the Burgess-Norton Co. of Geneva, Ill. It was one of 59 such suits filed since the act went into effect July 1.

An injunction asked in all the suits called for restraining measures to keep the state from transferring protested tax payments from a fund until the validity of the law is determined. Judge Crow granted the temporary injunction.

The attorney for Burgess-Norton, Walter Oblinger, said the decision would be appealed to the State Supreme Court.

**One Dollar in Aid Better Than Five for Defense: Eisenhower**

WASHINGTON (UP) — President Eisenhower said today that \$1 spent for foreign aid is worth more to this country than \$5 spent for defense.

The President said that in the current world situation it is better to advise underdeveloped nations and assist them economically than to concentrate entirely on building up powerful armed forces.

**Injunction Halts Milk Picketing**

DETROIT (UP) — Rebel dairy farmers bowed to a court injunction today and withdrew pickets so milk could flow normally into Detroit again.

Homer Martin, former United Auto Workers president who has been mapping strategy for the farmers in their fight for higher milk prices, told the farmers to quit picketing milk depots in Michigan and stop molesting trucks bound along highways for the Detroit area.

"This doesn't mean we've ended our fight. It means we've changed tactics in the face of court injunctions," Martin said.

He said the rebel group intended to mark time pending the outcome of a meeting between their group, Detroit milk dealers and the Michigan labor Mediation Board in Detroit.

Court injunctions, issued at various spots around the state late Monday, ruined the farmers' tactics to cut off Detroit's milk supply and win higher prices for milk.

## Navy Announces It Is Equipping Patrol Planes with Guided Missiles

WASHINGTON — The Navy announced today that it now is equipping some of its patrol planes with a new guided missile which automatically searches out and destroys enemy ships at long ranges.

The announcement came only hours after informed sources disclosed that the Air Force's Snark, a winged pilotless bomber, had recently made a 2,000-mile, record-making flight over the Caribbean Sea.

The new Navy missile, known as the Petrel, is designed to be launched by patrol planes well out of range of the anti-aircraft batteries of enemy ships.

Fairchild Engine and Airplane Corp., producer of the weapon, recently referred to it as an air-to-underwater missile. This suggests, although the Navy did not say so, that the Petrel may be used against submarines as well as surface ships.

The Navy said the Petrel fills out the Navy family of missiles for operational fleet use and gives the Navy four missile delivery capabilities. The other three are: Sparrow — air-to-air; Regulus — surface-to-surface; and Terrier — surface-to-air.

The Petrel attacks at high speed and with devastating effect. The Navy said use of the new missile will spare pilots from anti-aircraft hazards which confronted aviators in World War II when they closed on target.

Rear Adm. F. S. Withington, chief of the Bureau of Ordnance, said the Petrel is one of the Navy's more complex missiles, both electrically and dynamically. He explained it was essential to design an intricate electronic brain for Petrel since the missile must "think" its own evasive way to the target.

Informed sources disclosed Monday night that the Air Force's Snark, a winged missile powered by a jet engine and having intercontinental range, made the 2,000-mile flight over the Caribbean from a launching point at Patrick Air Force Base, Fla.

Defense officials disclosed, however, that consideration already has been given to stopping production of the Snark because of developments in far more advanced intercontinental ballistic missiles.

## Husband, 19, Files Divorce Suit Against Bride, 17

GALION, Ohio — Stanley Thorn, 19, has filed suit for divorce for his 17-year-old bride, while awaiting trial on a charge of contributing to her delinquency. Thorn was arrested along with the girl's foster parents, Mr. and Mrs. Carl Gans. The parents were convicted on the delinquency charge but sentence was delayed, pending an appeal.

Thorn said he married the girl, Karlene Gay Gans, Oct. 24, 1955, in Morgantown, W. Va., believing she was 17. Her parents approved the marriage, he said.

The child bride was a ward of the court since 1951, and could not legally marry without court permission, regardless of her age. Thorn charged the girl with gross neglect and extreme cruelty in the divorce petition.

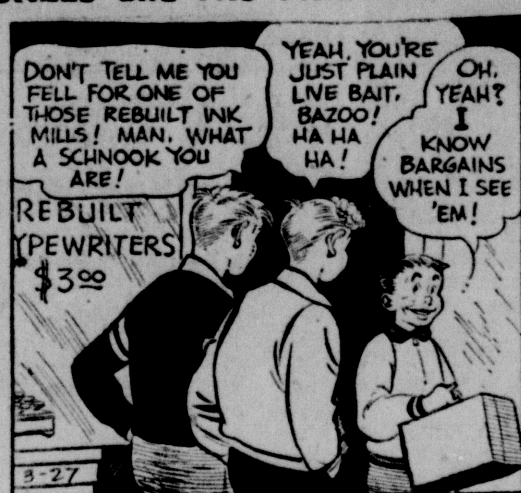

Doctors testifying at the Gans' trial said the girl has the mentality and physical development of an 18-year-old woman.

## Westinghouse Maps Campaign to Regain Business

NEW YORK — Westinghouse Electric Corp. today mapped plans for a gigantic sales campaign to regain markets lost during the recent 156-day strike and to boost sales of consumer products to \$1 billion by 1960.

Westinghouse's efforts to get its toasters, refrigerators and other consumer items back into American homes will be spearheaded by the biggest advertising campaign in the company's 70-year history. The nation's second biggest ap-

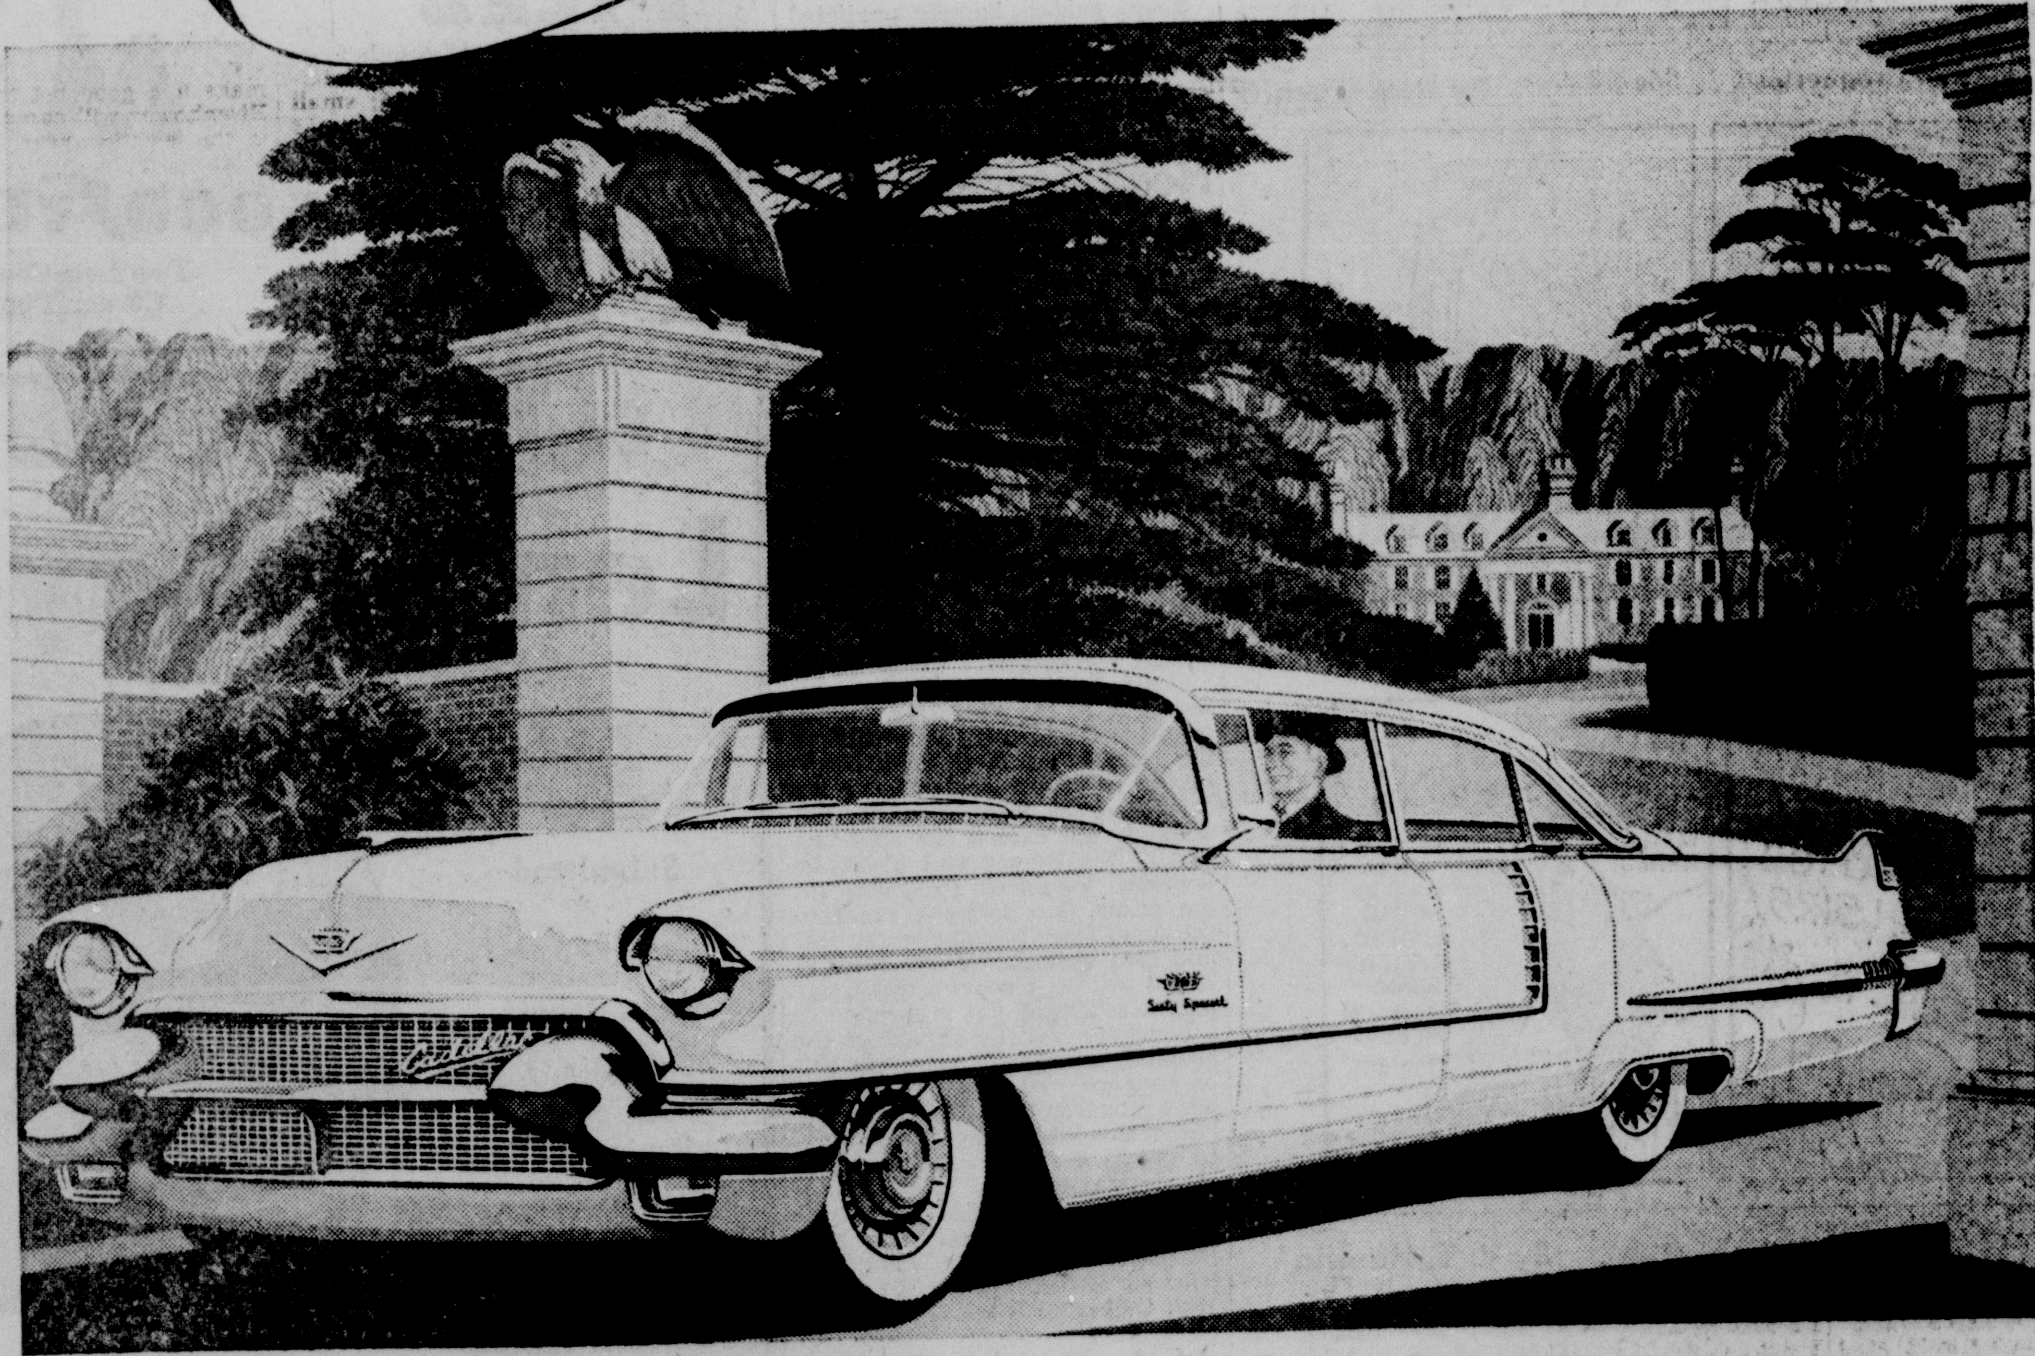

pliance manufacturer has earmarked \$32 million for advertising in 1956, the bulk of it for consumer products ranging from Christmas tree light bulbs to color TV sets.

The long strike is estimated to have cost Westinghouse some \$300 million in lost business, about \$100 million in consumer products alone.

# Cadillac

## A Little Vacation In Every Day!

What's it like to take the wheel of a 1956 Cadillac?

If you don't already know, then we hope you'll come with us now on a little imaginary journey in the "car of cars".

Suppose, if you will, that you're in the driver's seat.

How wonderful you feel. Those deep, luxurious cushions hold you in perfect comfort—your hands rest naturally on the slender wheel—and all about you are vision . . . and beauty . . . and luxury.

It's an inspiration just to watch the miles go by.

And how quiet and restful it is! The car is so smooth and silent that your only sense of motion comes from the sound of the wind and from the passing landscape.

Driving? Well, what could be more relaxing! Starting . . . stopping . . . turning—all are regulated with the lightest touch of toe and hand. You simply lean back and enjoy the ride . . . and the car does all the rest.

We've heard it said that a drive in a new Cadillac isn't really a drive at all, in the normal sense of the word. It's a time for rest and pleasure and relaxation.

As one of our friends put it—"It's like having a little vacation every day!"

Better come in for a visit some day soon. If you should decide to move up to a Cadillac, it will be our purpose to make you as pleased with your relationship with us, as your dealer, as you are certain to be with the car itself.

The Cadillac name has long been a symbol of automotive integrity and honesty of purpose—and we make every effort to have our own business reflect the same ideals in our dealings with owners.

# Thinking It Over

By Robert Dieffenbacher, D.D.  
Written for NEA Service

Jewelry, crops, homes, automobiles, lives, arms, legs, eyes, health and almost everything are insurable against loss, fire, hazard or death itself.

Although we hope that disaster will not overtake us nor affect us, we find a certain comfort in knowing that our financial losses would be more or less covered by insurance if the unexpected should happen.

This economic coverage gives us a feeling that we are prepared to meet emergencies beyond our control. Insurance is cheap if tragedy strikes, but it is expensive if nothing happens.

There are so many important facets of our existence which cannot be measured in dollars and cents. The price we pay for dishonesty may be partially evaluated in monetary terms, but the big cost is in moral and spiritual values.

Hatred and suspicion and gossip run high in the loss column of human and spiritual values. Sin and indifference are capital losses on our balance sheets of life.

There is an insurance for these losses but the price is high.

When we pay the price of love and unselfishness and give ourselves to God, we have insured ourselves against the losses which come from moral and spiritual disaster.

# Cherry Blossom Time in Capital

WASHINGTON (AP) — It's cherry blossom time.

The National Cherry Blossom Festival opened today with band music, speeches, new waves of tourists and blooming pink blossoms.

About 25 per cent of the blossoms on the famed cherry trees bloomed on schedule, ringing the tidal basin by the Jefferson memorial and bordering the Potomac Park drives.

The National Capital Parks Department expected the warm spring air to bring the trees to full bloom by Wednesday or Thursday.

Hundreds of thousands of tourists were present for the capital's 29th annual bow to springtime and the 44-year-old gift from the mayor of Tokyo. The festival committee expected 700,000 to arrive before the end of the six-day program.

Tour guides happily predicted the biggest cherry blossom crowd in the festival's history.

# IFWC Mental Health Meeting at Anna on April 10

The annual Mental Health meeting sponsored by the Illinois Federation of Women's clubs will be held at the Anna State hospital on April 10, at 10:30 a. m., in the lounge of the employees' building.

The meeting is primarily for the mental health chairman of each club, but all others interested in mental health are encouraged to attend.

Mrs. Robert Chapman, State Mental Health chairman, Illinois Federation of Women's clubs, will preside over the meeting and Dr. R. C. Steck will be present to extend the hospital's greetings.

Guest speaker will be a representative of the Volunteer Service program from the general office of the Department of Public Welfare in Chicago. She will discuss the relation of the hospital and the volunteers, and extend the appreciation of the Department of Public Welfare, Volunteer Program, for the many fine services rendered by the Anna State hospital by the 24th and 25th Districts of the I.F.W.C.

There will be a general discussion period following the program.

Luncheon will be served at the hospital, after which the group will be conducted on a tour of the hospital grounds, or to see the movie, "Someone Who Cares." Anticipated guests are: Mrs. Robert Chapman, Granite City, State Mental Health chairman, I.F.W.C.; District 24 Mental Health chairman, Mrs. Lawrence Smith, Harrisburg; District 25 Mental Health chairman, Mrs. Catherine Rees, Cairo.

# Alabama Mayor Seeks to End Costly Bus Boycott

MONTGOMERY, Ala. (AP) — Mayor W. A. Gayle sought to end a costly Negro boycott of city buses today by inducing the Negroes to ask for all-Negro buses on the transit routes.

Gayle made the compromise proposal after the City Commission Monday denied the Negroes' petition for an all-Negro bus company. The commission said the present bus company is giving adequate service.

The company has been hard hit financially, however, by the four-month boycott waged in protest against policies used in enforcing state segregation laws.

Gayle told eight Negro leaders who appeared before the commission Monday that the boycott has idled "40 or 50" buses. Negroes formerly comprised 70 per cent of the company's passengers.

# Bohling Charges Carpentier Has Disqualified Himself By Employee Fund

By United Press

Chicago Ald. Nicholas J. Bohling, Republican candidate for secretary of state, Monday charged Secretary Charles F. Carpentier has disqualified himself and should not be a candidate for the Republican party.

Bohling made his statements against his primary opponent at Belleville. He again attacked the "flower fund" collected by Carpentier from employees of the secretary of state's office.

How much lower can we get than to approve the action of a high office holder taking from the title man who helped him get elected \$4 out of a meager salary of \$200 a month," Bohling said.

Carpentier has defended the fund as necessary to meet the expenses of the office, and said he has not personally benefited from it. He said the fund was based on voluntary contributions by employees. A half-dozen ex-employees including Bohling's downstate campaign manager, have asked for an accounting of the fund in a court suit.

Stratton was scheduled to speak tonight at a Danville Republican rally.

He will also speak at a Cook County Republican Organization meeting in Chicago Wednesday and at a GOP dinner at Joliet Thursday. The governor will go to his home at Morris next Tuesday to vote in the primary.

Stratton also will hold open house Thursday. Friday he will open the Bloomington-Normal Jaycee home show.

# Paschen Hits Administration

In Peoria, Herbert C. Paschen, Cook county treasurer running for governor on the Democratic ticket, said administration of the state's mental hospitals under Gov. William G. Stratton is "pure politics."

He said patients are living in "fire-traps" at some hospitals.

The organization candidate also chided his Democratic opponent, Chicago Treasurer Morris B. Sachs, about Sachs' offer to contribute his \$25,000-a-year governor's salary to charity if elected.

"I'm not going to give it away," Paschen said, "because I'm going to work hard enough to earn it."

Rep. Paul Powell (D-Vienna) also spoke at the Peoria rally, and called for farmer-labor co-operation. "If the farmers are not making money it won't be long before Peorians are unemployed," Powell said.

Kefauver-for-president supporters announced in Peoria that they will hold a meeting Thursday to seek support for Sen. Estes Kefauver of Tennessee.

## Piersall Sparks Red Sox Over Dodgers, 7-4; Red Schoendienst Stands Out

**By United Press**  
Jimmy Piersall, a self-confessed, 280 hitter, suddenly is blasting the ball at a .359 clip to spark the Boston Red Sox' dreams of an American league pennant.  
Five for-five, including two doubles, was the stunning performance put on by handsome Jimmy as the Sox beat the world champion Brooklyn Dodgers for the third straight time Monday at Sarasota, Fla., 7-4, to become "champion of the champions."  
Other hitting standouts in Monday's games were Red Schoendienst of the Cardinals and Jim Finigan of the A's, each of whom

clouted a three-run homer with two out in the ninth inning to win a game.  
Schoendienst connected off former teammate Howie Pollet to beat the Chicago White Sox, 6-4, and he now has a string of 15 games in which he hit safely for a spring average of .364. Finigan tagged Fred Waters for his blow to beat the Pittsburgh Pirates, 4-3.  
Elsewhere in the Grapefruit league:  
Dusty Rhodes connected for four hits, including two doubles, and scored the winning run at Albuquerque, N. M., as the New York Giants nipped the Cleveland Indians, 7-6, in snow flurries.  
The Milwaukee Braves scored an 11-7 victory over their Wichita farm hands of the American Assn. Monday at Waycross, Ga. Lefty Lou Slesater, trying a comeback, impressed by yielding only one hit in three innings.  
The pitching of lefty Bob Wiesler was salace to Washington Manager Charley Dressen when the Senators dropped a 5-3 10-inning decision to the New York Yankees. Wiesler, acquired from the Yanks during the winter, held his former teammates to one earned run and five hits in seven innings.  
The Philadelphia Phillies chalked up a 7-1 triumph over the Brooklyn Dodgers' "B" team, with left-hander Curt Simmons turning in a creditable three-inning pitching stint. The Detroit Tigers dropped a 7-0 decision to the Cincinnati Redlegs, collecting only four hits off the hurling of Joe Nuxhall, who went the route.

## Russell Leads College Stars in Olympics Finals

**KANSAS CITY** **AP**—Big Bill Russell and the college All-Stars established themselves as the team to beat in the American Olympics finals Monday night with a 86-79 win over the AAU champion Seattle Buchanan Bakers.

The collegians meet the Armed Services team, surprise winner over Phillips Oilers 78-77 in overtime in the first round, tonight. The first game tonight pits the losing AAU teams, Seattle and Phillips, against each other.

Play will continue through Wednesday night so that each of the four teams plays the other. Unless one team takes a clear-cut championship, the winner will be determined by point spread.

The College Stars were slightly ragged in team play in the first half against Seattle and were down 43-41 at intermission.

However, the unit began to elicit in the second half and pulled to a 10-point lead, 55-45. Seattle never gave up and had the gap narrowed to 62-60 with 11 minutes left. Russell led All-Star scoring with 24 points.

Ron Tomsic, former Stanford ace, hit 28 points for the Armed Forces but the servicemen ended up with a 68-all tie at the end of regular play.

Ray Warren, formerly of Texas Christian, and Gib Ford, Texas, hit four points each in the overtime period to seal the Armed Forces win.

Article Says 22 States Exceed Minimum Health Requirements

NEW YORK (AP)—Look magazine said in an article today that 22 states, including Illinois, exceed the minimum requirements for basic health.

The magazine said health needs were based on the number of physicians, nurses and beds available for 100,000 population.

Figures showed 14 states below the minimum and 12 at or slightly above it.

Almost 40 per cent of all radios built in the United States are designed for automotive use.

Parents Admit Abandoning Retarded Child

MILWAUKEE (AP)—Police said today the parents of a little boy found outside a New Mexico filling station admitted they abandoned him because he was mentally retarded.

Carl M. Trout, 29, and Sarah E. Trout, 19, admitted they were the parents of the boy. They said they chose the isolated New Mexico spot for abandonment because they "wanted to get far enough away so nobody could find them," police said.

They said they took their daughter, Linda, 4, to Las Vegas, Disneyland and San Francisco after abandoning their 2½-year-old son, James, at Montoya, N. M.

New Mexico police found the boy "incoherent." He had badly set broken nose, burns and bruises, and wore only trousers and a tattered jacket.

Police traced Trout through a Navy disability check forwarded to Milwaukee general delivery.

Harrisburg Eastern Star Entertains Line Officers Of Southern Illinois

The Harrisburg chapter of the Order of Eastern Star entertained the Line Officers club Thursday, March 29. The club is composed of members in line for the offices of worthy matron, associate matron, conductress and associate conductress in all Eastern Star chapters in the territory between Cairo and Chester.

Honored guests present were Edith Shannon, Herrin, grand lecturer who sponsors the worthy matrons of this area, including Harrisburg; Irene Gabor, grand lecturer from Christopher, who sponsors associate matrons; Clara Erikson, Murphysboro, grand lecturer over conductresses; and Ruth Harris, Carbondale, grand lecturer who is also a grand representative, in charge of the associate conductresses.

Approximately one hundred members were present for the meeting which opened with a welcoming speech by the worthy matron of the Harrisburg chapter, Nelia Douglas. Mrs. Douglas introduced Mildred Evans of Christopher, who is the new president of the Line Officers club and who is worthy matron of the Christopher chapter. It was announced that Harrisburg Guest Night would be April 26 with Edith Shannon of Herrin as guest of honor.

Mrs. Douglas was assisted in entertaining by Harrisburg Line officers, Irene Shaw, associate matron; Ann Wiley, conductress; Lenora Brashears, associate conductress, and Bill Brashears, associate patron.

Refreshments were served in the dining room of the Masonic temple following the meeting.

Miss Mildred Bonnell, daughter of the late Clarence Bonnell, who was assistant principal and science teacher at the Harrisburg Township high school, spent Friday through Monday in Harrisburg visiting with Mr. and Mrs. Steve Farrar. Miss Bonnell is assistant director of the Home Economics department at the University of Illinois.

Mr. and Mrs. Wilson Pankey, who have spent the winter in Sarasota, Fla., are returning home this week end.

Bachelor Leaves \$2,137,595 Estate

CHICAGO (AP)—An inheritance tax return filed Monday in Cook County Court placed the estate of former Grundy County farmer Alvin Childs Greene at \$2,137,595.

Greene, a bachelor who lived at the Lake Shore Club, died Dec. 3 without leaving a will. He was 62.

The beneficiary of his estate is his sister, Mrs. Mable Greene Myers, Chicago.

Greene's estate was estimated at his death as about \$30,000. But as holdings of oil lands and leases were uncovered, estimates soared as high as \$16,000,000.

The tax return showed that Greene's fortune consisted principally of oil holdings in the South and Southwest. He also had \$830,205 in Illinois holdings, including \$432,417 in a checking account and \$100,000 in a savings account.

Lawyers said federal taxes on the estate will amount to \$417,269 and Illinois taxes will total \$24,784.

Accuse Three Youths of Stealing Church Funds

BENTON, Ill. (AP)—Three Franklin county youths have been accused of stealing church funds from the homes of two church treasurers.

State's Atty. Joseph Hickman refused to name the youths—two from Sesser and one from West Frankfort—who are 16, 17 and 18 years old.

Sheriff Paul Collins said the three admitted stealing \$574 from the home of Junior Phillips in Sesser Sunday night. Authorities recovered the money, which belonged to the Sesser Baptist church.

The other break-in was at the home of Byford Pearce in Ewing, where \$4 belonging to the Ewing Baptist church was taken.

Hickman filed informations alleging the youths to be delinquent and they were placed in custody of their parents pending a court hearing.

# COUNTY VOTERS GO TO POLLS ON APRIL 10

## Four Candidates from Saline County Run For District Offices

Saline county has four candidates running for district offices, two on the Republican and two on the Democratic tickets.

Republicans seeking district office are Dale H. Sullivan and John H. L. Parish, in a field of seven who are seeking the two nominations for state representative from the 59th Representative district. Both are from Harrisburg.

On the Democratic ticket Le Roy Barham of Harrisburg is one of three candidates seeking election to two posts as delegates to the National Nominating convention, and Atty. Don Scott of Harrisburg is one of two who seek the two posts of alternate delegate to the convention.

## Nominees for State Assembly in District Assured of Election

Successful nominees for state representative in the April primary are assured of election in November.

Reason is that three will be nominated and three will be elected in the fall.

Paul Powell of Vienna is the Democratic nominee and he has no competition on the ballot, thus assuring that he will be nominated and elected.

However, there are seven seeking the two Republican nominations which mean a house seat in January. They are Dale H. Sullivan and John H. L. Parish of Harrisburg, Gordon E. Kerr of Brookport, C. L. McCormick of Vienna, Laura C. Colp and George G. Tregoning of Carterville and Thomas J. Throgmorton Jr. of Marion. Powell and Kerr are incumbents. The other incumbent, W. O. Verhines, is running for Congress.

## 38 Republicans, 27 Democrats on Ballot to Name Party Candidates

Saline county voters who go to the polls in the April 10 primary will find 38 names on their regular ballot if they vote Democratic. In addition they will vote non-political for county school trustee.

But although there are less names on the Democratic ballot there will be candidates for every office, while the Republicans will have vacant spots for representative committeeman from the Fifty-ninth district and for state's attorney.

Both ballots have candidates in the presidential preference primary, which give only sentiment to the voters and do not nominate anybody for anything. It usually does give strength to the top men in the nominating conventions, however.

Both sides will nominate—or in some cases elect—the following:

U. S. senator, governor, lieutenant governor, secretary of state, auditor of public accounts, state treasurer, attorney general, clerk of the supreme court, congressman from the Twenty-fifth district, delegates to the national nominating convention from the Twenty-fifth district, alternate delegates, representatives in the state legislature from the Fifty-ninth representative district, representative committeeman, and the following county officers: State's attorney, circuit clerk and coroner. In addition, each precinct will elect, not nominate, a precinct committeeman from each party.

## Primary First Voting Under New State Redistricting

The April 10 primary will be the first voting under the new redistricting of the state which added Williamson, Hardin and Gallatin counties to the old 51st senatorial district of Saline, Massac, Johnson, Pope and Hamilton counties to form the new 59th Representative district.

The state representatives will be nominated in this district and each of the eight counties will name both a Republican and Democratic 59th district representative committeeman.

## Separate Ballot on April 10 for County Board Of School Trustees

Saline county voters will receive a separate ballot April 10 upon which to vote for members of the county board of school trustees.

There are two vacancies this year, with two candidates for the posts. They are J. W. Wintzler of Cottage township and Bruce Burnett of Eldorado township. Not more than one member of the board may serve from the same township.

The terms of school trustees are for six years. Election of members of the county board of school trustees is non-political.

## Carpentier Manager Claims Support of 62 County Groups

CHICAGO — Some 62 GOP county organizations have endorsed Secretary of State Charles F. Carpentier for re-election, the candidate's campaign manager claimed today.

Sen. Arthur J. Bidwell (R-River Forest), directing Carpentier's bid for a second term, said the Cook County regular Republican organization and 61 downstate groups have endorsed Carpentier for re-election.

He said although Chicago Ald. Nicholas J. Bohling, who opposes Carpentier for the GOP nomination, is a resident of Chicago, Carpentier has been endorsed by the county GOP organization and by Chicago's 50 regular Republican war organizations.

## Mrs. Altmire to Direct Scout Aid, Safety Programs

Francis L. Jahn, Scoutmaster for the Boy Scouts of Troop 23, announces that Mrs. Geneva Altmire again has charge of the training program for the Boy Scouts in the First Aid and Safety programs. For the past several years this fine instruction has been made available to the members of Troop 23 which is sponsored by the Harrisburg Presbyterian church.

Teaching the first aid classes are Niama Parish, Paul Kihlmire and Joseph Hollingsworth. The safety program is taught by Geneva Altmire to those Scouts who have completed all the courses offered in the Scout First Aid program.

The instructors are all well qualified to teach these classes. Mrs. Parish has taught several classes in first aid in the past few years. Mr. Kihlmire and Mr. Hollingsworth of the U. S. Forest Service have had extensive first aid training and practice.

Mrs. Altmire, in connection with several years of first aid teaching, has recently completed a course in Health Education and First Aid taught by the Southern Illinois university. This training program which is offered once every year in Harrisburg for Troop 23 is highly beneficial to the Scouts. This year the boys are turning out in full force and are showing the greatest interest in all phases of the work.

For Attorney General, Latham Castle.

For Clerk of the Supreme Court, Earl Pollock.

For Congressman, 25th district, Roy O. Gulley, W. O. Verhines, Samuel J. Scott, Ray J. Hawkins.

For Delegates to National Nominating Convention, Oldham Paisley and Peyton H. Kuncie.

For Alternate Delegates to National Nominating Convention, Russell Kibler, Judson E. Harris.

For Representative, 59th district, Gordon E. Kerr, C. L. McCormick, Laura C. Colp, Thomas J. Throgmorton Jr., John H. L. Parish, Dale H. Sullivan and George C. Tregoning.

For Representative Committeeman, 59th district, no candidate.

For State's Attorney, no candidate.

For Circuit Clerk, Quentin Bowser, Rufus K. Davidson.

For Coroner, Elmer M. Gibbons, Ike Williford, Alonzo Beal.

## Primary Will Not Produce Clear-Cut Struggle Between Stevenson and Kefauver

CHICAGO — Adlai E. Stevenson returns to the primary election wars in his home state of Illinois April 10, in his first vote test since disaster struck him in Minnesota.

The Illinois primary is not likely, however, to produce another clear-cut struggle between Stevenson and the man who now is his chief foe for the Democratic presidential nomination — Sen. Estes Kefauver.

In Minnesota, both Stevenson and the Tennesseean had their names on the March 20 ballot. Kefauver, rated the underdog, swamped Stevenson and won 26 of Minnesota's 30 convention votes.

Here in Illinois, Stevenson's name will be the only one on the Democratic presidential ballot. Kefauver's aides said he didn't enter the home states of any other presidential possibilities.

A "Popularity Poll"

Nevertheless, the vote may give some clue to Kefauver's popularity in Illinois. Some of his backers are trying to organize a write-in vote in his behalf.

Republican voters will have a choice between three candidates on their presidential ballots — President Eisenhower, California Sen. William F. Knowland, and Chicago perennial Lar Daly.

Supporters entered Knowland's name before Mr. Eisenhower dis-

closed his availability for a second term. Knowland said he would have withdrawn, but then it was too late.

The presidential vote in Illinois is just a "popularity poll." It is not binding on the state's delegates to the national conventions.

In the long run, the important vote in the April 10 primary will be that cast for 50 convention delegates from each party — 2 from each of Illinois' 25 congressional districts.

## Hopeful Kefauver Fans

Delegates don't have to say whom they favor for president. Replies to a United Press poll of candidates, however, indicate a big majority of Democrats favor Stevenson while virtually all of the GOP candidates want Mr. Eisenhower as their candidate.

Kefauver supporters are hopeful of picking up some delegates, however. Their estimates have ranged from 10 to 20. And they point out they could pick up strength in coming months, if delegate candidates who now support Stevenson should have a change of heart.

The estimate of 10 to 20 Kefauver delegates is disputed by State Democratic Chairman James A. Ronan, a Stevenson backer.

Ronan said he didn't know of "anybody" among the delegate candidates who had declared for Kefauver, and he doubted whether

The Daily Register, Harrisburg, Illinois  
Page One, Section Two  
Tuesday, April 3, 1956

the senator would get "more than a couple of delegates, if he's got that."

The two parties both will elect additional delegates at their state conventions later—the Democrats 14 more, and the GOP 10 more.

United States troops reached the front lines in World War I on Mar. 6, 1918.

## Democratic Voters:

For the past several years, I have served as Senatorial Committeeman from Saline county. Each county names a committeeman to serve on the District committee to determine the number of Representative nominees, and to fill vacancies in event of emergencies. I have always attempted to work for the best interest of the Democratic party.

Under the new legislative reapportionment, committeemen are elected as before, but are called Representative committeemen. I am a candidate for that office. It pays nothing, except the honor and the chance to be of service to the party. I will appreciate your vote for Representative committeeman at the April 10 primary.

### Ask for a Democratic Ballot

Vote For

# Paul Powell

### for Representative

59th REPRESENTATIVE DISTRICT  
(Hamilton, Williamson, Saline, Gallatin, Johnson, Hardin, Pope and Massac counties).

### He Will Appreciate Your Vote!

During the Primary campaign, Paul Powell has, from time to time, published various endorsements of his candidacy, written by fellow legislators, the press, business men, labor leaders, educators and others.

HERE ARE SOME ADDITIONAL ENDORSEMENTS AND FACTS FROM THE RECORD:

#### CITIZENS' CIVIL SERVICE ASS'N OF ILLINOIS

The Board has asked me to extend our congratulations and appreciation for the interest and attention that you gave to your duties as a member of the State Personnel Administration Commission, (and for)

The high level established by your legislative proposals as accepted by the General Assembly.

This legislation is one of the best to have been presented and adopted in the field of public personnel administration in this state. The citizens of Illinois are deeply indebted to you for the part which you played in bringing this to reality.

Kendall I. Lingle,  
Executive Vice-President.  
December 20, 1955

#### THE AMERICAN LEGION DEPARTMENT OF ILLINOIS

March 13, 1956

Dear Representative Powell:

During the 69th General Assembly of the Illinois Legislature, The American Legion presented a bill which was commonly known as Senate Bill No. 58 or The Broyles Bill.

This bill has now become a law of the State of Illinois and we, the delegates to the 37th Annual Convention, The American Legion, Department of Illinois, meeting in Springfield, Illinois, September 1, 2, 3, 4, 1955, voiced their approval unanimously that you should be cited and commended.

The American Legion wants to commend you as an individual patriotic American, who has contributed important legislation to the security, safety and welfare of the State and Nation.

With best personal regards,

Sincerely,  
James S. Gwaltney  
Department Adjutant

#### TAXPAYERS' FEDERATION OF ILLINOIS

Dear Paul:

In behalf of the Taxpayers' Federation of Illinois, it is my privilege to express to you our appreciation for your help and cooperation during the last session of the Illinois General Assembly.

We appreciate particularly the hard work and thought that you put into the development of the new Personnel Code as a member of the Commission on State Government Personnel Administration.

We also appreciate very much the fact that you led the fight against the increase in the State sales tax, against taking away from the people their right to vote on the city sales tax and against giving cities the power to impose a tax on public utility bills without referendum.

We appreciate, perhaps most of all, the fact that any time Paul Powell gave his word, Paul Powell kept his word.

We sincerely hope that we will be privileged to work with you even more closely at future sessions of the General Assembly.

Cordially yours,  
George E. Mahin  
Executive Secretary

#### BROTHERHOOD OF RAILWAY TRAINMEN

As one who has been in a position to check your voting record over the years that you have served in the House of Representatives as State Representative, Speaker of the House, Minority Leader, etc., I find that you have always been 100 per cent in favor of all genuine labor legislation and have at all times supported and voted for legislation which was in the interest of the people of Illinois.

I feel that the service rendered by you as a representative has contributed greatly to the high standards of the working people of Illinois and is a credit to the 59th District and the State of Illinois. Therefore, the Brotherhood of Railroad Trainmen is happy to endorse you as a candidate for State Representative.

Clyde Thompson  
Illinois Legislative Representative,  
Brotherhood of Railroad Trainmen.  
February 7, 1956

#### ILLINOIS AREA—NATIONAL COUNCIL Y.M.C.A.

Thank you very much for a challenging and stimulating speech. We consider ourselves most fortunate to enjoy the cooperation and interest of a government official like yourself. A letter is so limited in expressing the depth and sincerity of our appreciation. I express the thoughts of more than 300 boys and girls and their leaders present at Springfield when I saw "God bless you for your investment of time and effort in behalf of our program."

Douglas Monahan  
Area Youth Work Secretary

#### United Automobile—Aircraft—Agricultural Implement Workers of America (UAW-CIO)

"I submitted the question of your endorsement to a meeting of our State Executive Board last week, and am happy to inform you that the Board voted unanimously to endorse you for re-election based upon your record in the Illinois Legislature."

Pat Greathouse,  
International Vice-President and  
Director of Legislation.  
February 9, 1956

#### ILLINOIS COUNCIL OF STATE EMPLOYEE LOCAL UNIONS

The Council takes this opportunity to thank you for your efforts in behalf of State employee legislation. Your untiring efforts in behalf of all labor legislation causes us to sincerely thank you for your assistance in the passage of legislation favorable to State employee benefits.

Lawrence Rinaldo  
Gen. Representative

#### AID TO SCHOOLS

Illinois Legislative Council  
February 1, 1956

Here are the appropriation figures relative to state aid for the common schools and Southern Illinois University. (Paul Powell worked for and voted for all these measures).

The legislature appropriated \$21,114,000 to the common school distributive fund for the 1933-1935 Biennium and \$201,076,850 for the 1955-1957 biennium.

Southern Illinois State Normal University received an appropriation of \$663,900 for the 1933-35 Biennium and, with the words "State Normal" deleted from its title, an appropriation of \$20,342,426 for the 1955-1957 Biennium.

The figures for the common schools include none of the special aids (transportation and the like).

## Campaign Pressure Coming

Editorial  
BY KENNETH O. GILMORE

As certainly as votes will be cast next November, tremendous pressures will be building up for President Eisenhower to take a more active part in the upcoming election campaign.

In announcing that he would be a candidate, Mr. Eisenhower made it clear he does not intend to barnstorm across the country to win a new lease at the White House.

Yet the degree to which the President campaigns for himself and a Republican congress will become vitally important as the election battle turns up. And when the down-to-the-wire heat is on, there's no telling what will happen.

Two key factors, among others, could cause the President to jump into the fray with more vigor.

The first might be panicky cries of help from desperate GOP congressmen who need more than the name of Dwight D. Eisenhower on the ballot to avert defeat.

For example, Sen. George Bender of Ohio faces a stiff fight against Gov. Frank Lausche, the Democratic choice for that Senate seat.

Republicans already have spoken out concerning the President's campaign role. Sen. Barry Goldwater of Arizona recently predicted Mr. Eisenhower "will be doing some barnstorming when the chips are down."

Senate Republican Leader William F. Knowland of California has urged the President to swing into key states to bolster shaky candidates. "It is important," he explained, "for a presidential candidate to get out beyond television broadcasts from the White House."

The second reason Mr. Eisenhower might come out of his corner swinging would be a strong Democratic campaign plugging the claim that his health is not up to par for the arduous job of Chief Executive.

Speaking officially for the Democratic party, Sen. John Sparkman of Alabama declared Mr. Eisenhower could be no more than a "part-time" President if elected again.

This line of attack could well get under Ike's skin. In 1944 the question arose as to the late President Roosevelt's physical capabilities. Contrary to earlier plans, F. D. R. undertook a strenuous last-minute campaign which included riding in an open car through the streets of New York in a cold, driving rain.

It seems unlikely at this date that anyone would goad Mr. Eisenhower into taking such a risk. His health is properly an issue in this campaign. But members of both parties should guard against pressing the matter to such extremes that the presidential race becomes a sort of Olympic field trial.

## The Washington Merry-Go-Round

By DREW PEARSON

DREW PEARSON Says: Ike Tries To Do Favor For His Magazine Mouthpiece. Time, Inc., Mexican And Canadian Chiefs Were Patient About Ike's White Sulphur Golfing.

WASHINGTON. — Canadian officials were not happy to put it mildly, when the first concrete proposal put before them at the White Sulphur meeting of the North American Big Three was removal of the Canadian advertising tax on Time Magazine.

The fact that the President of the United States personally presented this to the prime minister of Canada ahead of all the other problems facing the world, caused Canadian diplomats to wince a little.

Prime Minister St. Laurent was extremely polite and promised to study the Time Magazine matter. But others in his entourage were privately sarcastic. And wisecracks went the rounds of the White Sulphur meeting that Eisenhower should feel he had already paid his debt to Henry Luce and Time Magazine by appointing Mrs. Luce ambassador to Italy and giving Life Magazine the Diles "brink of war" interview.

But it was also remarked that, in view of the way Time and Life continued to slant the news in Eisenhower's favor, it was only natural for Ike to try to remove the Canadian tax on Time.

The tax is imposed on only two magazines—Time and Readers Digest. The Canadian edition of Time is printed in Chicago at a cost that enables it to sell advertising at about one-half the rate of Canadian magazines. Readers Digest is printed in Montreal and also cuts into the advertising revenue of Canadian publications.

Politically it will be difficult for Prime Minister St. Laurent to curtail this tax, even though the request comes from Eisenhower personally. Curtailling would immediately become an issue in the next election, and the prime minister's opponents would claim that he was kowtowing to American imperialism. U. S. imperialism has now become an issue in Canada for about the first time since 1911. The Canadian talk apprehensively about being swallowed up by their big neighbors.

Note — Ambassador Luce, af-

ter helping to lose the 1953 Italian elections to the Communists, has settled down to doing an excellent job in Italy. So maybe the political payoff to Time Magazine paid off.

### GOLF VS. DIPLOMACY

President Eisenhower liked White Sulphur's informal diplomacy so much that he wants to try it on Premier Nehru of India when he visits the U. S. in July. However, State Department officials are not sure it will work with Nehru. The Indian premier is precise and exacting, certainly won't sit while Ike plays golf as did patient President Adolfo Ruiz Cortines of Mexico and polite Prime Minister Louis St. Laurent of Canada.

Spokesmen for both graciously stated that they were busy with other matters during Ike's golfing. However, the fact is that he spent more time on the golf course than he did conferring with them.

He spent an hour and a half in joint conferences with both the Mexican and the Canadian heads of state, plus an hour with each of them alone. This totaled three hours and thirty minutes.

This added up to less time than he spent playing eight holes of golf one day, twelve holes the next, plus a final twelve holes. Total, 32 holes of golf.

Note — Premier Nehru visited White Sulphur Springs when conducted through the U. S. by Louie Johnson, former secretary of defense, and didn't particularly like the gala dinner given him there. Nehru is a philosopher and a mystic.

The chief guests invited to meet him were big businessmen.

### WASHINGTON PIPELINE

At a secret Pentagon meeting, Secretary of the Army Brucker tried to wheedle some money away from the B-52 bomber program. "We don't need more B-52's. We should buy less," snorted Brucker. "The Army needs the money for more important projects." Secretary of Defense Wilson cut Brucker short. "We're going ahead with the B-52 program," he snapped, "and, if necessary, we'll take a couple hundred thousand dollars from the Army to pay for it." Wilson also scoffed at the furor over guided missiles. He repeated a favorite General Motors expression: "The sales department is way ahead of the production department."

Despite the political advice to cut out the wisecracks, Adlai Stevenson sometimes has a hard time restraining himself. He was talking to friends about President Eisenhower's heart trouble the other day. "Maybe," Stevenson grinned, "I should demand equal time on the stethoscope." Texas Governor Allen Shivers' game, according to insiders, is to lead a southern revolt at the Democratic convention. He plans to walk out on the Democrats in Chicago and take his Dixie rebels to San Francisco to the Republican convention. He believes enough southerners will follow him to offer the Republicans over 100 electoral votes—in return for the vice presidency. Shivers has himself in mind as Vice President Nixon's successor.

A friend of labor and a laboring man himself, Mr. Parish will fight for the laboring man, and will do his utmost to help bring new industries to the district to provide more employment for labor.

In his campaign for commissioner of the city of Harrisburg, he investigated and proved, on his own time and in spite of adverse opinions, that city streets and alleys could be improved with motor fuel tax funds... a project that has now been approved.

He is for old age pensioners getting at least \$100.00 per month, and for taking liens off their property they have to give to their children, because young people are being robbed of their rightful heritage by selfish interests!

He will speak for the common wage-earner and not the big corporations, because he is a common American citizen himself!

John H. L. Parish knows the problems of southern Illinois and especially of this district, and will work and fight to correct those problems and to improve the district. He deserves your vote and support in the primary election April 10th.

## AROUND SPRINGFIELD

By DON E. CHAMBERLAIN

Safe Guess Stratton and Daley  
Will Head Convention Delegations

SPRINGFIELD, Ill. (Special)—Full identity of Republican and Democrat delegations to respective party national conventions this August, isn't known yet but it's a pretty safe guess that the GOP will pick Gov. William G. Stratton as chairman with the Democrats expected to name Chicago Mayor Richard J. Daley or National Committeeman Jacob L. Arvey, Chicago, in that order of preference.

Many of the delegates can already count themselves in because of a lack of opposition in the April 10th primary. Governor Stratton is scheduled to be selected as a delegate-at-large by the GOP state convention with Arvey also scheduled for an at-large delegate by the Democrat convention. Daley is without opposition for election as a district delegate in the 5th Chicago congressional district.

State Chairman Morton H. Hollingsworth, Joliet, unopposed for election as a delegate from the 15th congressional district, is already working on plans for travel to the San Francisco convention as well as arranging for routes to be taken and for hotel reservations. Anything set up however, he says, must be tentative because of the need to consult delegates and this can't be done until after the primary when all delegates' identities will be known.

It is understood he is seeking to set up a headquarters for the Illinois delegation at a specified San Francisco hotel and to make reservations for as many of the delegates who wish to do so, to stay at this hotel. He already has assigned one experienced public relations specialist to work out a plan which will make it convenient for delegates to get to and from the convention site and back and forth between hotels in specially-leased buses.

The Illinois delegates, he feels, may hope for some special consideration from the host convention state and city because of the fact that Chicago waived the almost certainty of getting the convention to allow it to go to San Francisco and also because next, to California, Illinois is the second most-Republican state in the nation. And mention of Governor Stratton for a place on the national ticket, in case Ike is not a candidate for re-election, is certain to continue to grow.

The Illinois delegates are expected to make the trip to San Francisco in special trains, chartered airplanes and by automobile. Northern and central Illinois delegates and their families as well as party prominent are expected to make up the personnel of one special train which probably would start out from Springfield, another of Chicagoans from Chicago, and another of Southern Illinoisians from St. Louis.

The Illinois Public Aid Commission reports that the aged population in the state has more than doubled in the last 25 years. It has risen the IPAC says, from 421,000 in 1930 to 875,000 in 1955. Aged persons are those of 65 or more. Last year the aged in Illinois comprised 9.5 per cent of the state's total population.

Equipment garages and materials storage points at strategic locations throughout the state are streamlining road maintenance

road work, according to State Public Works Director E. A. Rosenstone, Cambridge. He said 16 new buildings have been completed and 21 additional ones are planned. They are located on plots usually from 2½ to three acres.

Rosenstone estimates the value of state-owned maintenance equipment at \$10 million. The new buildings and those yet to be put up replace scattered inadequate structures. Outside storage is for sand, stone, asphalt materials, guard fence materials, cinders and abrasives. Costs for construction of equipment maintenance, Rosenstone said, averages about \$65,000 per unit.

## Broyles Attacks Ruling Against Sedition Law

CHICAGO (AP) — A U. S. Supreme Court ruling Monday struck down Illinois' 1919 sedition law, along with those of 41 other states and two territories.

Illinois Republican State Sen. Paul W. Broyles, of Mount Vernon, took exception to the decision. Broyles said, "If we're going to have any kind of state's rights at all, you just can't go along with the ruling." He charged that the ruling would aid Communist conspirators and weaken forces fighting them.

The ruling did not make clear what will become of the two loyalty oath laws in Illinois. One is embodied in the state's sedition laws, but the other was enacted in the 1955 legislative session after being sponsored by Broyles.

In both loyalty laws employees or tenants must swear, in order to gain the benefits of employment, that they are not members of groups advocating the overthrow of the U. S. government.

The ruling arose from a recent Pennsylvania case where an appeal of a State Supreme Court decision was made. The appeal held that the federal sedition laws superseded the state laws. Atty. Gen. Latham Castle said further study of the decision would be necessary to determine just how much Illinois laws would be affected.

In 1929, an industrial worker had to work 49 minutes to earn the price of a pound of round steak. Today, reports the National Beef Council, he earns the price in 30 minutes.

## TO THE VOTERS OF SALINE COUNTY

AS YOU WILL AGREE, the office of coroner has never been given much consideration by the public, yet the office is very important to each of you. In event you should need the services of the coroner you should be served by a competent, dependable man, one that will handle the case in a proper and lawful manner.

## ELMER M. GIBBONS

has proved to be qualified in the duties of this office.

THE SHERIFFS, STATE'S ATTORNEYS, LAWYERS, DOCTORS, AND FUNERAL DIRECTORS, as well as the people he has served, will tell you that all cases have been conducted in a businesslike and efficient manner.

## His Record Is Excellent In This Office

PRIOR TO THIS TIME the coroner has received a small fee for each case handled; however, recent legislation places the next coroner on a salary comparable to the other elective offices of the county... a salary sufficient that the coroner should devote his entire time to the duties of the office and not treat it as a sideline job.

Elmer Gibbons promises that he will, if re-nominated and elected, because he has no other job or business, devote his entire time to serving the people of Saline county in a sincere and efficient manner.

Your Support Deeply Appreciated!

## Both Parties to Select Precinct Committeemen at April 10 Election

Despite the fact that voters will cast the primary ballot on April 10, there's one race on each ticket that is final.

These races are for the precinct committeemen of the county and where there are contests they are not Republican vs. Democrat, but Democrat vs. Democrat and Republican vs. Republican.

There are 34 precincts in Saline county and every two years each party elects 34 precinct heads in the primary voting. That means there will be 68 committeemen elected April 10, with the voters marking ballots only for a party candidate from the precinct in which the ballot is cast.

A survey of the filings shows that there are both Republicans and Democrats filed for each and every one of the 34 precincts.

The survey also shows that the Democrats have contests in 10 precincts, the Republicans in seven. Republican contests are in the following precincts: Harrisburg 2, Harrisburg 3, Harrisburg 4, Harrisburg 7, Harrisburg 9, Eldorado 3 and Eldorado 4.

The Democratic party has contests in Harrisburg 1, Harrisburg 3, Harrisburg 5, Harrisburg 8, Harrisburg 11, Eldorado 1, Eldorado 5, Eldorado 6, Raleigh 1 and Galatia.

There were three withdrawals

for precinct committeeman on the last day for withdrawing, which was last Saturday. That left 88 names on the ballots, including the name of W. W. Damron, who has died since the period of filing. The names on the ballots:

# Dale Sullivan

REPUBLICAN

CANDIDATE FOR

Representative

From The 59th District

Republican  
Primary, April 10th

ACTION, NOT WORDS, ON SOUTHERN ILLINOIS ECONOMY

Dale Sullivan would use the office of State Representative to cooperate with Southern Illinois University, Southern Illinois, Inc., The Bootstrap Program, and Operation Grassroots . . . he proposes to introduce legislation that will offer tax concessions to new industries starting or relocating in Southern Illinois . . . he would contact all of the various lobbying groups of industry and manufacturers to tell them of the many advantages offered to industry in Southern Illinois . . . he would call for an investigation of the alleged high power rates in Southern Illinois which make it difficult to compete with rates offered to industries just across the Ohio river from us . . . and he would be on his toes and alert to grasp every opportunity that arises to bring new industry to our area.

INCREASED STATE AID TO SCHOOLS

Dale Sullivan would be fighting for our just and fair share of state tax money for our schools . . . he would be able to tell the story of our schools' needs and conditions accurately and persuasively . . . and he would fight to see that state aid is granted on the basis of need, not amount contributed.

INCREASED OLD AGE ASSISTANCE

Dale Sullivan would see to it that the aged people of his district would receive enough assistance to enable them to live in a decent manner . . . not just to exist, and he would be able to tell the pensioners' story and fight for their needs.

KOREAN VETERANS' BONUS

Dale Sullivan feels that the Korean "police action" was just as much a war as any other conflict, and that Korean veterans are just as deserving of a bonus as veterans of World War II. He feels also that a bonus would stimulate business conditions in Illinois and could be paid without raising our taxes by one penny! He will work to see that such a bill is passed and signed by the Governor!

BETTER COUNTY AND TOWNSHIP ROADS

Dale Sullivan would use the influence of this office to fight the efforts of Cook County to grab off more motor fuel tax funds. He would be an able spokesman for the farmer who needs good farm-to-market roads—and for the many small-town folks who make frequent use of their county and township roads. He would fight to keep downstate Illinois' fair share of these funds where it belongs!

## Salary 'Kickbacks' Big Issue in GOP Secretary of State Battle

SPRINGFIELD @—Employee salary "kickbacks" are the big issue in a Republican battle for the secretary of state nomination in the April 10 primary.

In one corner is incumbent Charles F. Carpentier, who says the employee contributions are voluntary; in the other is Chicago Ald. Nicholas J. Bohling, who claims the contributions are demanded of employees.

Bohling forces, all former Carpentier employees, have filed suit in Sangamon County Circuit Court asking an accounting and refund of the 2 per cent "flower fund" collected from Carpentier employees.

Carpentier admits the existence of the fund, but has labeled the suit a "smear." He contends the fund is administered by a group of his top staff members for the welfare of office employees and to meet the heavy demands of him for charitable contributions.

### Not Forced: Carpentier

Carpentier insists "no employee has been coerced" into contributing to the fund.

Bohling, 47, is a lawyer and has been alderman of one of Chicago's largest wards since 1943. He is chairman of the City Council Committee on Judiciary and State Legislation.

Carpentier, 59, retired from the state Senate in 1952 to run for secretary of state against Edward J. Barrett, whom he defeated by slightly more than 9,000 votes in one of the tightest races in recent Illinois history.

Carpentier has also served in the East Moline City Council and as mayor of East Moline. He holds interests in several movie theaters.

### Writes Drivers' Law

Carpentier has campaigned on his record of having formulated Illinois' "tough" drivers' license law and sternly enforcing it to cut down on highway deaths. He also said he has improved and speeded up vehicle licensing, sponsored a new securities law and improved the care of state buildings of which he is custodian.

Bohling claims that without him the GOP state ticket would have no Chicago representation. He has criticized Carpentier's enforcement of the drivers' license law and said he would enforce the law "without arbitrary discrimination."

The Democrats have a contest for lieutenant governor. Roscoe Bonjean, Springfield attorney, is the regular organization candidate, and is opposed by James L. Griffin, Chicago, who is running with rebel gubernatorial candidate Morris B. Sachs.

Bonjean, 47, is a former assistant attorney general and unsuccessful candidate for Congress.

Griffin, 45, is an attorney and precinct captain. He has a brother on the state central committee which endorsed Bonjean.

### Other Candidates Unopposed

All other candidates in both parties for state office below governor are unopposed.

The Republican candidate for lieutenant governor is incumbent John W. Chapman, Springfield. Chapman, 61, is a former Chicago alderman and was executive secretary to Gov. Dwight H. Green.

The Democratic choice for secretary of state is David F. Mallett, 46, an East St. Louis automobile dealer who was defeated for state treasurer in 1954 in a close race with Warren E. Wright, Mallett, presently clerk of the 4th District Appellate Court, has campaigned on a program of decentralizing automobile licensing administration.

The Republican candidate for state auditor of public accounts is incumbent Orville E. Hodge, 51, Granite City. Hodge is a former state representative and is engaged in the real estate and construction businesses.

The Democratic candidate to oppose Hodge is Michael J. Howlett, Chicago steel company executive and former campaign manager for U. S. Sen. Paul H. Douglas. Howlett is also a former president of the Illinois Young Democrats and regional OPS administrator.

### The Treasurer Race

Republican candidate for treasurer is Elmer J. Hoffman, Wheaton, a former holder of the office. Hoffman is an ex-sheriff of Du Page county and president of the Illinois Sheriffs Assn.

Democratic candidate for treasurer is Arthur L. Hellyer, Elmhurst lawyer, who as a former Du Page county treasurer is the only Democrat to have held a full four-year county office in Du Page county since 1860.

Incumbent Latham Castle, Sandwich, a former De Kalb county judge and state's attorney, is seeking Republican renomination for attorney general.

The Democratic attorney general candidate is James L. O'Keefe, Chicago, master in chancery of the Cook County Circuit Court and a former assistant Cook county state's attorney.

Mrs. Fae I. Searcy, who was appointed to fill out the term of her late husband, Earle Benjamin Searcy, is the Republican candidate for clerk of the Supreme Court.

The Democratic candidate is James P. Alexander, Lawrenceville, a former state representative.

DES MOINES, Ia. @—Syd Fossum, painting and drawing teacher at the Des Moines Art Center, and his wife entered his studio one night to pick up an item. They tripped the burglar alarm.

Armed guards soon found the couple in the studio. They asked the Fossums for identification, but neither had any.

Fossum quickly solved the problem. On the wall was a portrait he had painted of his wife and a self-portrait.

Fossum posed his wife beside her picture and stood himself beside his.

The guards were satisfied.

STEVENSON ON HOME GROUNDS: After Minnesota, back on the rails—or new disappointment?

## Illinois No Longer a Shoo-In for Adlai; Kefauver Write-In Possible

### Would Be Blow To Home Prestige And Prospects

By BRUCE BLOSSAT  
NEA Staff Correspondent

CHICAGO — (NEA) — The April 10 Illinois primary will give battered Adlai Stevenson his first chance to get his Democratic presidential candidacy back on the rails. But a sizable write-in vote for Sen. Estes Kefauver could give him another shove down the embankment.

Until Kefauver's whopping upset victory in Minnesota, this primary was stirring less interest than a review of last week's laundry list. But now it may be different. Stevenson, the sole formal entry in the Democratic preferential test, is still in strong command here. In Illinois, party organizations habitually demand and generally get rigid loyalty. Democratic leaders long ago passed the word for Stevenson.

Nevertheless, the raw materials for a modest Kefauver revolt are at hand. If it develops in the former governor's own backyard, the blow to his prestige and his presidential prospects will be substantial.

Here's how the outlook for rebellion shapes up:

Right after Minnesota, Kefauver men in Illinois said: "We won't organize a write-in drive here. We haven't the setup, and there isn't time. Besides, the senator's schedule wouldn't permit him to come into Illinois to make a bid."

Political observers recognize, however, that this would be shrewd talk if the intent is actually the very opposite. It protects Kefauver against failure, and makes any score a good one.

A quietly engineered write-in drive that flops can be dismissed with the words: "We didn't try." If it works it can be hailed as the "spontaneous voice" of Illinois Democrats.

Already Kefauver leaders have made one modest public appeal for write-in support. Others may follow.

President Eisenhower's 108,000-vote write-in in Minnesota in 1952 showed that results can be produced with amazing speed. The drive was concentrated in the last five or six days before voting. News stories, advertisements and some chain telephoning turned the trick.

A write-in of such size in Illinois would hurt Stevenson, in the view of his own backers. The 1952 Illinois totals suggest it is wholly possible. That year Mr. Eisenhower rolled up 147,500 Republican write-ins. Stevenson, while polling 700,000 for a second governor nomination, carried 54,000 presidential write-ins as Kefauver, a formal entry, was running up 526,000 votes.

### No State Senator Race in District

The Illinois 51st senatorial district, comprising Saline, Johnson, Pope, Massac and Hardin counties, does not elect a state senator in 1956.

This is the year for the even-numbered districts to elect state senators to the four-year terms. Glen O. Jones of Raleigh is the present state senator, having been elected in 1954.

nois would hurt Stevenson, in the view of his own backers. The 1952 Illinois totals suggest it is wholly possible. That year Mr. Eisenhower rolled up 147,500 Republican write-ins. Stevenson, while polling 700,000 for a second governor nomination, carried 54,000 presidential write-ins as Kefauver, a formal entry, was running up 526,000 votes.

Downstate Illinois may hold the small seeds of a Kefauver rebellion. In Cook County (Chicago), Mayor Richard Daley is repaying Stevenson for 1955 mayoralty support. He'll deliver the county's 26 convention votes to him. But control isn't as firm downstate.

Reports filter in that anti-Stevenson people, grouching since his governorship days, will try to undercut. Only a few downstate delegate candidates favor Kefauver, but a half dozen others are counted "open-minded," and some sure winners are said to be looking over the presidential merchandise carefully.

Kefauver headquarters says that since Minnesota they've been hearing volumes from potential downstate. Some of these are said to feel Kefauver would help their local and county tickets more than Stevenson.

Unopposed in Wisconsin April 3, Kefauver will come into Illinois with a 3-0 count over Stevenson and 62 convention votes. If he cracked through here for 100,000 to 150,000 write-ins and snipped off a few of Illinois' 64 delegate votes to boot, happiness would be rationed in the Stevenson camp.

Pre-Minnesota, Stevenson's managers saw Illinois as a light track workout for their shiny horse. No big run had been planned. Now they may step up his home state efforts, both to counter the rising Kefauver threat and to try to put some of the shine back.

On the Republican side, Mr. Eisenhower has only technical op-

a "show vote," but think he'll do well in the normal course of events.

As with the Democrats, the GOP in this primary lacks important local and state contests to draw out the voters. But Republicans rate the President more popular than ever, and note that they usually surpass Democratic primary totals anyway.

What midwestern farmers and big-city Negroes may do will be treated in later dispatches. But whatever shifts may occur, GOP leaders don't expect Mr. Eisenhower to be hurt materially in Illinois.

Republicans here are more unified than for a decade and a half. Since 1940 they have often wandered in the wilderness at nominating time. That year they backed Thomas E. Dewey and the winner was Wendell Willkie. In 1948 they favored the late Robert A. Taft and Dewey won. Four years ago, they backed Taft again, while Mr. Eisenhower triumphed. This year they're in the right line.

Aside from the farm unrest, the one possibly bearish factor noticeable is the matter of the President's health. Here and there doubts are voiced of his ability to serve the route. Businessmen often speak with surprising caution. But by and large the public attitude seems to be one of fond concern, underlain by confidence that he can make it.
